

Activity: National Voters Awareness Contest.

Date:25th March 2022

Number of NSS Volunteers:22

Outcome: The programme is done on the directive of the Election Commission of India. The aim of the programme is to sensitise the people who are above eighteen years of age to enrol in the electoral process so that they become eligible voters of the country. In a broader sense the aim of the Election Commission of India is to see that there should be maximum number of youths who should take part in the electoral process so as to have a strong and vibrant democracy. Another objective of the programme is to see that the voters should use their vote wisely and should not be under any influence.
