Report on the Seminar Programme conducted by the Zoology Department

on 21st December 2021.

Introduction: The Department of Zoology organized one day seminar programme and the topic was given to the ability of the students to present on the said programme, but it should be relevant to the syllabus in their course of study. The programme was started at 10 AM with the welcome address from the HOD. All the faculty members of the department were presence. All the students are enthusiasm to take part in the seminar.

Content: Each participant was clear with their concept of knowledge and wisdom for the topic which they perform in the seminar programme.

Discussion: Based on the performance of the students, it could be understood that they are thorough with that particular topic which they prepare for their speech. Majority of the students are clear with the concept, functions and uses, applications, metabolism reaction, ecological balance, diversity of the species, gene as heritable disease etc. which they select their topic.

Conclusion: The seminar programme makes the students overcome their stage fright, built confident, fluent speech, in-depth knowledge of the topic, and find out oneself the lack of communication skill.
