DEPARTMENTAL SEMINARS ON *WASTE MANAGEMENT*

(Sponsored by Rashtriya Uchchatar Shiksha Abhiyan)

The Seminar Committee, Kiang Nangbah Govt. College had proposed that in order to bring to the forefront the issues of waste management, seminars at the departmental level are to be conducted by all the Departments in the College on the topic **WASTE MANAGEMENT** under the sponsorship of RUSA. A schedule had been framed by the Committee so that the Departmental Seminars would be held smoothly and without any inconvenience. Only the 5th Semester students of the different departments of Arts, Science and Commerce streams participated in these Seminars. The students presented their papers on the topic at the Departmental level during which a student with the best paper presentation was selected by a panel of teachers of the department as the winner. The winner from each Departmental Seminar will be given the chance to compete in the Interdepartmental Seminar at a date to be arranged later.

The expenditure of all the departments for conducting the seminars is borne by RUSA, KNGC, Jowai. Two flex banners were made for the purpose of conducting the seminars. A digital version of the flex was also made available to the HODs of all the departments.

All the Departments had smoothly conducted the Departmental Seminars according to the schedule given by the Seminar Committee. Certificates will be distributed to the participants and the winners.
