Launching Programme for collection of Aadhaar data from electors on voluntary basis and linking with electoral roll.

Date: July 2022

Number of NSS Volunteers:15

Outcome: This programme was done at the instructions of the Election Office where five volunteers of the college willingly accepted the programme. It was explained that the linking project would help the election Commission of India to maintain an updated and accurate record of the voter base. It also aims to remove duplication of voters such as migrant workers who have more than one vote in different states.
