Report : On Awareness programme 'Innovation Hub' held on the 14.10.2022, Organised by Research Development Committee in collaboration with IQAC KiangNangbah Government College, Jowai.

Members present;

Dr(Mrs)IcydoraNongtraw, Dr(Mrs) B.Gashnga, DrDamewanSuchiang, DrProformaSuchiang, Dr Blessing Suchiang, Dr T. Papang

The projector, the sound system and photograph was taken care by ShriChahlang, Shri Setis, Shri Anvil respectively.

We begin with registration at 9.30am, for 53 Arts student. Both the sessions were chaired by Dr T Papang, he also welcome everyone. Dr E.M. Blah, The Principal of the college, deliver the inaugural address. The technical session was handled by Ms Agracia M. Kharmudai, (Msc Biotechnology, NET, B.Ed) Chief mentor, and Shri BanjopKuparNongbri, B.Tech(Civil), B.A English (Hons) Junior Mentor, Innovation Hub, Shillong Science Centre. Followed by Lunch in the canteen. At 1.30pm the second session begins with registration for 53 Bsc students, while no one from B Com

The second session, part 1, is the theoretical 1hr talk on 'What is Innovation?' What are the different elements involve in innovation? What is brainstorming all about? And introduction to Innovation Hub. Grass root Innovation and their contribution.

In Part 2, for 1hr talk on 'the Creativity brainstorming activity'.

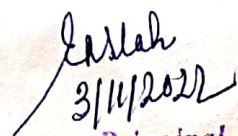

Innovation is derived from the Latin verb "innovare" which means to renew. Innovation means to improve or to replace something for example, a process, a product, or a service. In the context of companies, however the term needs a definition. In the complex context of business, a definition is needed. Innovation is responsible for up to 85% of all economic growth. The purpose of innovation is to come up with new ideas and technologies, that increase productivity and generate greater output and value with the same input. Innovation and the future of jobs, Increase well being, reduce poverty and hunger and help environment stability.

In 'the problem solving activity' - the student were asked to do some problem to brush up their mind, like 'Nine dots problem' without lifting your pencil, 'Touch all nine dots' using 4 lines, 'Ten uses of paper clip' which the student has to find out. Students of many standards (classes) study in a school. Depending on their age and class, they have different heights. Drinking water from the school tap becomes inconvenient for them as the taps are of the same height. The student has to generate, evaluate and select the best idea to ease the problem. Innovate a smokeless or fire wood stove with a very less smoke. The main purpose of innovation is to improve people's lives, small improvements eventually leads to bigger and better ideas that one day become revolutionary.

At the end, Dr (Mrs) I. Nongtraw, proposes a vote of thanks.

Remuneration was given to both the resource persons, and wind up with light refreshment.
