

**Kiang Nangbah Government College, Jowai**  
**Department of History**  
**Study Tour Report**

The department had undertaken the study tour to Sohra which was formerly known as Cherapunji on the 9<sup>th</sup> May 2023. It is a place of great historical significance and also a place of tourist attraction for both domestic and foreign tourists. The department had undertaken a study tour of two important places in the area in order to equipped the students about the history of the area.

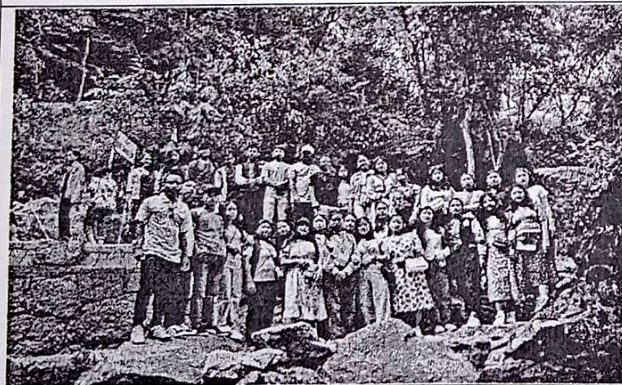

1. **A study tour to the Garden of Caves.** This area is of great historical significance. This is the place where the kingdom of Sohra was founded after a period of many battles among the local chieftans. To avoid more bloodshed the surrounding provincial chiefs met at this place to form a new kingdom or the state of Sohra. This place had a network of passageways to evade and take refuge from the enemy.

2. **Arwah Cave:** This cave was discovered recently. This cave is known for its limestone formations and the fossils of fishes, dogs, skulls, shells etc. which are believed to be millions of years ago. It houses many narrow passages and chambers as well as a stream that flows inside the cave. It is very important from the archaeological point of view.
