**AYUSHMAN BHARAT
DIGITAL MISSION**
BUILDING DIGITAL
HEALTH ECOSYSTEM

WHAT IS AN AYUSHMAN BHARAT HEALTH ACCOUNT NUMBER (ABHA NUMBER)?

- Your ABHA Number is a 14-digit randomly generated number, used for linking, accessing and sharing health records digitally for every citizen of the country
- It enables your interaction with participating healthcare providers, and allows you to receive your digital lab reports, prescriptions and diagnosis seamlessly from verified healthcare professionals and health service providers
- Using an ABHA Number is the first step towards creating safer and efficient digital health records for you and your family

ABHA NUMBER

BENEFITS OF HAVING AN ABHA NUMBER

- Access healthcare related services from registration to discharge in a paperless manner
- Search, connect and avail ABDM compliant digital healthcare services
- Avoid long queues for registration in ABDM registered healthcare facilities
- Accessible to citizens with limited digital literacy and connectivity

HOW TO CREATE AN ABHA NUMBER?

OPTION 1

- Use your Aadhaar Number/ Driving License or scan the given QR code to generate your ABHA Number

OPTION 2

- Scan the given QR code to download the ABHA App to register yourself and generate your ABHA Number

OPTION 3

- You can also visit registered health facilities, public/private hospitals, community health centres, health and wellness centres across India to create your ABHA Number

20 Crore+

Medical Superintendent, Jowai MCH Hospital, Panaiar
Medical Officer Incharge _____ CHC/PHC/St Diap/UPHC

Sub: Mass ABHA creation drive under Ayushman Bharat Digital Mission

Sir/ Madam,

With reference to the subject cited above, I would like to firstly welcome you all to the new quest of the health department in creating a digital ecosystem for all level right from the beneficiaries to the health facilities and to the Health provider through the Ayushman Bharat Digital Mission.

Firstly, I would like to inform you that previously all public health institution and almost all doctors within the district have been registered under the Health Facility Register (HFR) and Health Professional Register (HPR) as the first steps towards digitalizing health care services. The next step is to start registering the public under ABHA aka Ayushman Bharat Health Account.

ABHA will help the public to find health centers and medical professionals and also share your medical records seamlessly with doctors across India. You can also securely save your medical data and grant access to medical professionals as and when needed. Thus, having an ABHA card can improve your overall healthcare experience because carrying medical reports with you every time you visit the hospital can be a hassle. It can also be challenging to keep track of your medical history. An ABHA digital health ID card solves these issues by storing all your medical information in one place. So, you can share your ID number with medical professionals like doctors and insurers and they can view your medical information instantly. At the moment ABHA can be registered via Aadhar and Driving license only.

The following are also important to consider

- MLHP/NCD are required to register for ABHA for any of their OPD and screening session.
- MHIS are required to start register for the new registration for ABHA wherever its applicable
- CHC/PHC accountant are to assist BPMU during their respective registration drive

Therefore, I hereby request all stakeholder to kindly provide awareness and start the registration on ABHA for all Healthcare workers, College going student who are 18 years and above and the members of the public who voluntarily consent to ABHA registration.

BPMU will manage the planning and implementation of the registration drive club either with health camp or standalone kiosk with involvement of the District Management Executive and the District Data Manager, NHM. As reports of the same are to submitted to office of the undersigned via bit.ly/NHMWJHABHA. For any assistance on the matter you can contact Arki Laloo, DDM NHM WJH

This campaign is also in accordance with directive from Ministry of Health vide D.O letter no.Z.15015/40/2022-NHM-I dt 12th October 2022 and Government of Meghalaya Letter vide no DHS/MCH&FW/NHM/NDHM/39/2021 (XXXXV) dt 31-10-22

Yours Faithfully,

District Medical & Health Officer
West Jaintia Hills, Jowai

Sub:- Mass ABHA creation drive through healthcare workers and Mass ABHA awareness and creation at higher educational institutions

Ref:- D.O. No S-12019/96/2020 Dated: 26th October, 2022 & DO letter no.Z.15015/40/2022-NRHM-I Dated: 12th October, 2022

Sr/Madam,

The Ayushman Bharat Digital Mission (ABDM) aims to develop the backbone necessary to support the integrated digital health infrastructure of the country. It will bridge the existing gap amongst different stakeholders of healthcare ecosystem through digital highways, making health care available, accessible and affordable. As you may be aware, ABDM has successfully completed one year of nationwide implementation. During this phase, about 25 crore Ayushman Bharat Health Account (ABHA) have been created and more than 2 crore digital health records have been linked to citizens' ABHA.

The interoperable platform created through ABDM enables creation of longitudinal electronic health records for every citizen. Through ABHA and ABDM enabled Personal Health Record (PHR) applications, citizens shall have the facility to link, securely store and access their medical records digitally. This gives citizens complete control over their health records and ability to choose what to share with their healthcare providers. Healthcare workers are the backbone of the health infrastructure of the country and provide last mile connectivity for implementation of various Central and State health schemes. While implementing the same, they create and collect health data of diverse range of population. They can be instrumental in developing and strengthening the digital healthcare ecosystem of the country.

There are a number of applications through which ABHA can be created. These include ABHA App, Aarogya Setu, Poshan Tracker besides other applications developed by private players like Paytm, Driefcase and ekacare. The procedure for creation of ABHA is annexed herewith for your reference.

Therefore, it is kindly requested that all the healthcare workers in your District are encouraged to motivate and assist people in the creation of ABHA and linking of their health records to ABHA so that their digital health record is readily available to the citizens as and when needed. The
