

Report of the Orientation programme
conducted by the Botany Department,
K.N.G. College, Jowai.

Date : 1st August 2023

Introduction: Orientation programme is mandatory for every 1st semester students who got admitted in the institution every year. This year the programme is very special as our college introduce NEP 2020 to the 1st semester. The students were pleasurely welcome to the new institution and to the Botany department as part of the family. They were highlighted about the new Introduction of the NEP 2020, how to choose their subjects combination, to understand the objective of the subject and how to earn the credits of different papers.

Besides that, the students were instructed to follow the rules and regulations of the

college, how to obey and respects the teachers and seniors as well as their classmates. Students should learn new things and sincere in their studies what they learn in the classroom through their teachers, books in library, internet etc. Students also should be actively participate in the extra curricular activities initiated in the college from time to time.

Programme

1. Welcome speech: Smt. A.Mawa (Head Of Botany department)
2. Introduction : I. Teaching Faculty of Botany Department
3. Powerpoint presentation on NEP 2020: Dr. Blessings Roy Suchiang
4. Light Refreshment
5. Photo session.

The programme is well and ends well.
