

KIANG NANGBAH GOVERNMENT COLLEGE, JOWAI (REPORT)

The Awareness Program on Innovation Hub organized by Research and Development Committee in Collaboration with the IQAC Kiang Nangbah Government College, Jowai was organized on 14th October 2022 for the 5th Semester students of Arts, Commerce and Science with the Resource persons being Smt. Agracia M, Kharmudai (Chief Mentor) and Mr. Banjop Nongbri (Junior Mentor) from NEHU Science Centre Shillong.

The word innovation is derived from the Latin word 'Innovare' which means to renew and improve or the replace something. One can achieve growth by learning how to be creative. When we have efficient business skills, we will find doors opening to all kinds of opportunities.

The main purpose of innovation is to improve people live. Small improvements lead to bigger and better ideas that may one day become revolutionary.

The program began with a welcome speech given by Dr. T. Papang the chairperson. The Inauguration Address was given by Dr. E.M. Blah the Principal of the College and the Vote of Thanks by Dr. I. Nongtraw Member Secretary of Research and Development Committee 2022.

The tentative programme was divided into two sessions. The morning session being for Science and Commerce and the Afternoon session being for Arts. Each session consisted of a Theoretical speech about the subject and time for problem solving with the students.

Ater showing some slides about the innovative values of creative ideas, solution and problem identifiers, the students were then allowed to solve problems given to them by the Resource persons. Many students came on stage with their own answer to show their evaluative ideas.

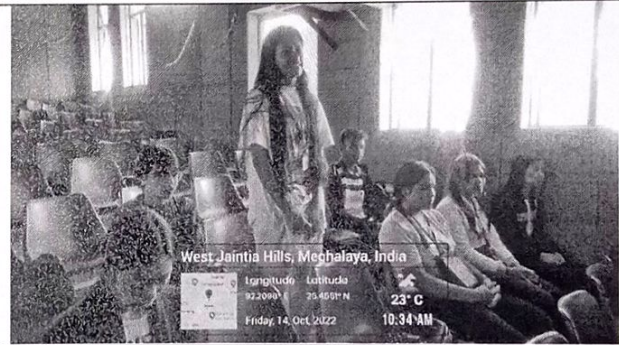

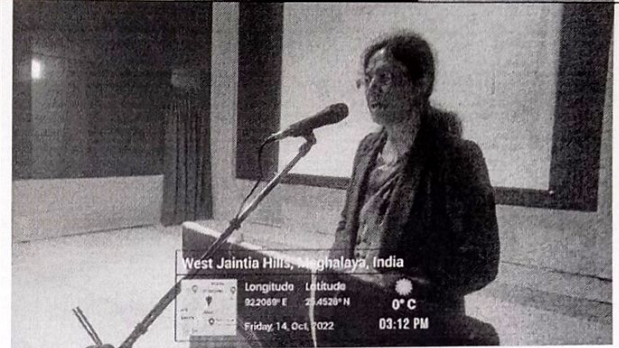

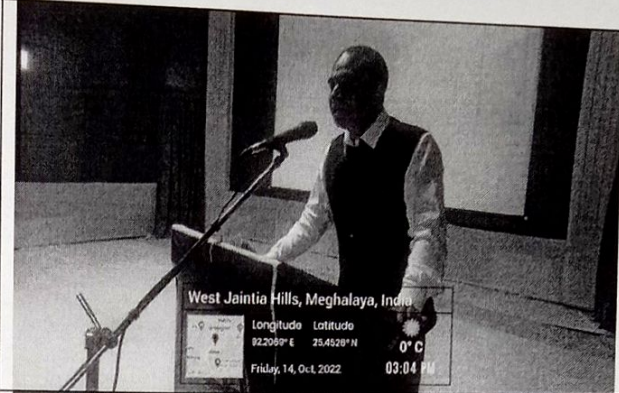

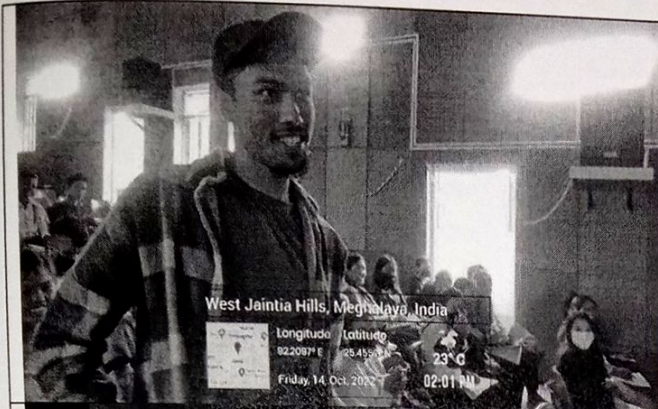

This program was really interesting for students to stay in-touch with the NEHU Science Centre. These innovative ideas will be an eye opener for each person to put their resources into method and use them on focusing and improving the ideas that can be implemented in our daily life for the benefit of mankind as a whole.
