Report on the seminar programme conducted by the Zoology department on the 4th April 2023

Introduction-

The department of Zoology organized a one-day seminar programme for the 6th semester students on the 4th April 2023. The topic for the seminar was given a free choice to the students depends upon their interest and ability but it should be relevant to the syllabus in their course of study. The programme was started at 10 AM with the welcome speech from the HOD. All the teachers / faculty member of the department were present. All the students are enthusiastic and excited to take part in the seminar.

Objective-

The objective of this particular seminar is to inculcate in the minds of the young students to have a clear understanding on the topic given. Basically, by providing such a platform for the students, they would be able to clear their doubts and have a good interaction. This would help them gain confidence and have the courage to face the audience and be fluent.

Topic /Content-

Majority of the students chosen the topic on environment and each participant was clear with their concept, idea and wisdom for the topic which they present and with a strong message and determination to spread awareness and save the environment.

Discussion-

Based on the performance of the students, it is understood that they are very thorough with the particular topic which they prepare for the presentation. There are relevant pictures attached to it. Majority of the students are clear with the concepts, functions and uses, applications, physiological and metabolic reactions, ecological balance, management.

Conclusion-

The main objective of a seminar is to gain knowledge, exchange information, improve confidence and help in self-learning. The seminar programme gave a platform for the students to overcome their shyness, nervousness and stage fright and to find out oneself the lack of communication skill.
