### **ACKNOWLEDGEMENT**

I on behalf of the RUSA Cell K.N.G.C, Jowai, I would like thank our Principal, Dr (Mrs). E.M.Blah for the valuable time and support that she has given to us in order to make these work successful ones. I also thank **Shri S.De (Retired Principal)** for his guidance and expert advice to start this Vocational Computer Courses during his time as a Principal. Our sincere thanks go to the **Jaiitia Institute of Technology (JIT)** for extending their collaboration with the college to start the Vocational Computer Courses which cover a wide range of student's centric development. Special thanks to **Shri Anvil R. Laloo** for his hard work and dedication especially in typing and designed this report.

This work would not have been possible without the financial support of Rashtriya Uchchar Shiksha Abhiyan (RUSA) MHRD Government of India under the scheme "EQUITY INITIATIVES".

Last but not the least, I would like to express my sincere gratitude to all the Committee members of RUSA Cell who have spared their valuable time and worked hard to make this program a grand success.

It has been an occasion of pride and happiness to have associated myself with the first ever computer coaching of the college with active initiation and financial assistance from RUSA under its Equity initiatives. The courses and programmes offered at the centre has opened up new horizons for large number of aspiring and financially marginalized students.

I would also like to compliment the untiring efforts of **Shri R. Nanghuloo, Co-ordinator, RUSA, Kiang Nangbah Govt. College, Jowai** and **all the Committee Members of RUSA Cell, KNGC, Jowai** for making the evolution of the new centre and its programmes seamless and successful.

#### **FROM THE PRINCIPAL'S TABLE**

Computer has become very important nowadays because its function is very much accurate, fast and can accomplish many tasks easily, otherwise to complete those tasks manually, it requires more time. It can do calculations in just a fraction of seconds and it can store a huge amount of data. The basic knowledge on computer skill will be very helpful for the future career of the students.

In Kiang Nangbah Government College, Jowai the Vocational Computer Courses were conducted in the year 2019-2020 which was financed by a centrally sponsored Scheme **RUSA (Rashtriya Uchcharat Shiksha Abhiyan) a scheme initiated by MHRD Govt. of India**. The main objective of this training course is to get graduating students ready for employment.

In the year 2019-2020 different courses on computer skill was conducted such as Data Entry, DTP, Ms Office & Tally. The students who joined the course completed it successfully with **99.01%** passed in 2019 and **96.50%** passed in 2020.

It has been observed that the course conducted influences the quality of students and their learning process and majority of them enjoyed working with computers.

In conclusion I am very thankful to the MHRD Government of India for sponsoring our Institution with this scheme where the students are very much benefited.

Thank you.

### Recommendation & Conclusions:

Students were found to be interested and enthusiastic about all topics in the Courses and gained reasonable skills expericnc They are hoping to get other training in Computers Internec Skills. It is necessary to motivate the decision makers to invest on required IT infrastructure so that more students can be accommodated and more courses can be conducted in future for the benefit of the students.

The idea behind imparting such vocational courses is to equip the students, specifically form the economically marginalised section of the society with skills and expertise which would allow them to sustain themselves and hopefully become job givers and not job seekers in the not so distant future.
